About

This year is the 'Sarva Suhrad Sopan'. Su-hrday-bhav has so many meanings, is so multi-faceted and encompasses the one-heartedness, the unity and the spiritual harmony between all. The Anoopam Mission mandir belongs to our worldwide Anoopam Mission family, and so we wanted all haribhakto to help to build the mandir in the UK!

Guruvarya Param Pujya Sahebji has said that mandirs are built from the bhav, bhakti, samarpan and prarthana of haribhakto. So it is with the suhrad samarpan of your prayers offered here through mahamantra lekhan, that this mandir will arise!

For every 75 mantras you write, you will be one step closer to 'Prabhu Darshan'. For every 750 mahamantras you write, you will create a brick, which will go towards the building of the mandir! If you create 10 bricks (7500 mahamantras), you will get an 11th bonus brick by writing only 75 more mahamantras....and then a beautiful surprise will await you! Let us start building the new mandir together...
